# Texecom Connect SmartCom
## Ethernet & Wi-Fi Communicator-CEL0009

The Texecom Connect SmartCom is an Ethernet and Wi-Fi communicator that facilitates the Texecom Connect experience by connecting any Premier Elite control panel (V4 or above) to a local area network.

Texecom Connect integrates with Texecom's flagship security systems, the Premier Elite Series, to allow you to take direct control of your home and your security. Control the operation of your security system, receive notifications of system events and monitor cameras or activity from anywhere in the world.

**CONNECT YOUR LIFE TO YOUR HOME AND YOUR SECURITY**

**Features of Texecom Connect SmartCom**

- Supports both over Ethernet & Wi-Fi.
- Texecom Connect Mobile App works on iOS (iOS 8.0 or later) & Android (V5.1 or higher).
- Communicates exclusively using outbound Connections.
- No need to open any router ports or public static IP for mobile app control
- Cloud base service will enable easy and secured access to mobile app.
- Texecom Connect will only function on networks with DHCP enabled.
- Simplicity of installation and maximum security.
- Work with any reliable internet connection.
- Wintex V6.2.5 or higher needed for establishing connection to Panel via SmartCom
- Push Notification & Email Notification supported.

- **The Timeline**- Both past and programmed events are clearly presented, giving the user instant access to review events that have transpired.
- **Calendar**- See all the events of the day, arranged by system status, go back and review previous days, View stored video linked from the calendar or watch a live video stream
- **Rooms & Devices-** Devices are allocated to rooms within the Texecom Connect App, which makes locating devices and creating home automation recipes from multiple devices in a room easy and intuitive.
- **Recipes-** Recipes are a user-friendly way of describing the programming actions that are used for automation. The Texecom Connect App is programmed on the basis of cause and effect.
- **Cameras-**Texecom Connect is compatible with IP cameras that support JPEG video formats. View live footage from your Texecom Connect App, anywhere in the world, and locally record video to your smartphone. By creating recipes with push notifications you can choose to monitor events at your home remotely.
